

THE ARIZONA SILVER BELT.

Saturday, January 31, 1885.

Baptist Church Services—Preaching Sunday, at 10:30 a. m. Sunday School at 11:30 a. m. Prayer meeting and Bible study, Friday, 7:30 p. m., at private residences.

THE SILVER BELT is kept on file at E. C. Baker Advertising Agency, 65 Merchants Exchange, San Francisco, Cal., where contracts for advertising can be made for it.

Office Hours of Globe & San Carlos Telegraph Company.

From 8 to 11:45 a. m., 12:45 to 4 p. m., and 7 to 8 p. m. Sunday hours—8 to 10 a. m. and 1 to 3 p. m.

Night-rate messages must be handed in before 8:30 p. m. to insure prompt transmission over W. U. lines.

POST OFFICE TIME TABLE.

Office open on week days, from 7:30 a. m. until 12 m. and 1 p. m. until 7:30 p. m.

Sundays—From 7:30 until 9 a. m.

All mail closes at 12 m.

W. E. SPENCE, Postmaster.

LOCAL NEWS.

Lidolph & Co. have received returns from 26 tons of Golden Eagle ore which was run through the Miami mill by S. Tidwell. The 26 tons yielded in gold \$169.16. This is \$61.66 per ton and is a remarkable result when compared with the battery sample which was \$82. The Golden Eagle is one of the most valuable gold properties in this county. S. Klien & Co. will ship the bullion to-day to San Francisco.

For sale at a bargain; one good buggy, one phonograph, one billiard table, two new fish freight wagons, one light farm wagon, several frame houses, several second hand sets of harness, large ice chest and refrigerator, lot of cheap lumber, lot of cheap slab wood, one iron safe, a lot of furniture, etc., all cooking stoves and 9 tanks of quicksilver. E. F. Kellner & Co.

A strike of rich ore is reported to have been made in the Albert Lea mine, situated about two miles east of Globe, near the McCormack and owned by W. B. Brecken. Development work done on the claim consists of a tunnel 90 feet in length. Work will be continued as long as the ore maintains its present high grade.

Gila county is chiefly noted for her deposits of rich copper ore, but the many silver strikes which have been made recently confirm the opinion of experts that we have large and valuable silver leads, which only need to be developed to make this one of the greatest silver producing sections of Arizona.

The Miami mill is running on tailings and will continue until the Fane ore is on the ground ready to run through. There will be milled probably, 40 tons of high grade ore from the Fane mine and the run will begin early next week.

J. C. Ramsdell has rented the restaurant of the Pascoe House and will take possession to-morrow. The lessee having had large experience in hotel keeping, guests are assured that their wants will be supplied—Board \$8 per week.

Roller skating seems to be as catching as the measles. It is one of the few amusements which is enjoyable for spectators as well as for participants. The capacity of Stallo's Hall is taxed day and night by patrons of the sport.

Parties desiring wood, hay, grain, poultry or fresh ranch eggs, will please leave orders at my residence on Oak street or address G. A. Chapel through the post office. Also furnished rooms to let on Oak street, just above the Sheriff's office.

A. G. Pendleton, in compliance with a telegram from Col. Eddy, to report at Flagstaff, on the 7th prox., left today via Green Valley. He has also had his surveying instruments expressed to the same point.

Remember the services at the Methodist Church, Sunday evening. Subject of the sermon: "God's Offer, and Man's Choice of Life and Good or Death and Evil."

It is reported that good ore has been struck in the Centennial, but owing to the absence of Superintendent Spence, at Benson, we are unable to learn the particulars.

The wife and two children of Dr. G. W. Scott arrived last Saturday from Santa Fe, N. M. The family will probably make Globe their home in the future.

If you think of venturing on the treacherous roller skate and are inexperienced, you had better take the precaution to pad the bottom of your pants.

Parties having thorough-bred poultry, Plymouth Rocks or Leghorns for sale, will please address G. A. Chapel, Globe, A. T.

Assessment work on the Centennial Mine No. 3, for the year 1884, has been fully performed by G. W. Wilson.

Joe Thompson is preparing to burn a large kiln of lime for the Old Dominion Company.

OLD DOMINION COPPER CO.

A Prosperous Run Assured.

Both of the company's furnaces have been in blast for a week and will continue to run as long as there is a supply of fuel on hand. There are now about 800 tons of coke in the bins at the smelter, and a large supply on the road, between Wilcox and Globe, which will be arriving freely within a few days. It is hoped that the bins can be entirely filled before the spring rains set in, so that no interruption in production will be occasioned.

We visited the works on Wednesday, and were pleased to note the activity everywhere observable. Since we were last at the mine the laying of the track in the main tunnel has been completed, also the trestle making the connection with the new ore bins. All the ore from the Old Globe mine is now delivered through the tunnel, into the new bins, at least a quarter of a mile nearer to the smelter than formerly. By this change the company has been enabled to make a more favorable contract for the hauling of ore to the smelter. The new ore cars, six in number, have been brought into use to fetch the ore from the mine. Three of them, with a capacity of two tons each, are fastened together and drawn by a mule to the trestle, where one man handles them and dumps the ore into the bins. Full shifts are now being worked in the mine, and the ore bodies look well.

The prospect of a long run is certainly encouraging, as the Old Dominion Company is so important a factor in the prosperity of the camp.

ROLLER SKATING CLUB.

The present arrangements and capacity of Stallo's Hall, for roller skating, having proven inadequate for thorough enjoyment of the sport, a plan was evolved and a meeting called by Mr. Ed. Lynes, with a view of forming a club to lease the building and enlarge its dimensions. Twenty-six gentlemen assembled in response to the call, and all evinced such an interest in the scheme that an organization was easily effected.

An election of officers resulted in the following gentlemen being chosen, President, Alex. Trippel; Treasurer and Secretary, Ed. Lynes; additional Directors, W. T. McNelly, Dr. W. H. Cook, J. W. Ransom, A. L. Walker and J. H. Hamill. The meeting then adjourned to Friday at 8 p. m.

At the second meeting held on Friday evening, the plan to build an extension to Stallo's Hall was thought impracticable, and a majority of the members present being in favor of buying a lot and putting up a building, a resolution to that effect was put and carried. A subscription list was then opened and stock to the amount of \$1220 was taken by the members present. It is desired to raise \$2000 and there will be no difficulty, it is thought, in making up the balance needed. A lot will be purchased and building commenced at once.

SHOOTING AT THOMAS.

A special dispatch to the Bear from Camp Thomas states that Thomas Pickett was shot by Frank Tarbell, a gambler, in McMurren's saloon, Sunday night, about 8 o'clock. It seems that both parties were drunk and some words passed between them, when Tarbell drew his pistol and fired at Pickett, the ball disabling his arm. A second shot struck one of Pickett's ribs and passed through his body, causing an ugly wound. Tarbell made his escape.

A later dispatch says that Pickett's condition is somewhat improved, and the physician in attendance is of the opinion that he will recover. His hand is very badly shattered. Nothing has been heard of Tarbell since he left Sunday night. A party is in pursuit and the chances are he will be captured.

Open letter to My Patrons

The undersigned having sold out his store and merchandise, wishes to close up all accounts connected therewith, and parties knowing themselves to be indebted either by note, due bills or open accounts, will please settle with me at once, and oblige.

Respectfully Yours,

G. A. CHAPEL.

Andres Scott, foreman of the Old Globe mine, returned on Saturday last from San Francisco, where he has been for several weeks on a pleasure trip. While there he met Thomas Hamilton, who was so badly injured by an explosion in the Old Globe mine, last fall. While Hamilton's condition is somewhat improved, and he is able to be about, yet his recovery has not been so rapid as was reported here last week. He censures the hospital authorities for neglect and extortionate charges. He is now under the care of a skillful physician, who is sanguine of his complete recovery.

Ore has been discovered on the Cotton Tail claim, recently located by Barrie Harkins and Andy McGellan, near the Miami mill. The ore lies in solid limestone formation, and from 12 to 15 assays, it is said yielded an average of sixty ounces per ton. Owing to the limited amount of work done on it, as yet it is impossible to determine the size of the ledge. Greatly exaggerated reports of this find have been current on the streets for several days.

THE BERGER EVICTION CASE.

The forcible removal of the Berger family from the San Xavier reservation, has caused considerable feeling and interest to be manifested by the public generally. According to the Tucson Star, Agent Roswell G. Wheeler requested the department to relieve him of the unpleasant duty of removing parties from the reservation, but the order was repeated, making it imperative upon him to proceed to the execution of the same.

It appears that Mr. Berger and family were dispossessed of their premises and lands on the reservation, which they claim were owned by Mrs. Berger's forefathers years before the creation of the Papago reservation. The injured family appealed to the court for protection, which resulted in a restraining order being issued by the court, directing Agent Wheeler, Sub-Agent Hart and others to desist from further interference with the Berbers. This order was served by Sheriff Paul, who was accompanied by Mrs. Berger. The order was read to Hart who, it is claimed, treated it with contempt. Mrs. Berger's refusal to recognize the mandate of the court was reported by Sheriff Paul, and the result was an order from the court for Hart's arrest. This Hart also resisted. On Tuesday, however, Hart went voluntarily to Tucson, was taken before the court and sentenced to pay a fine of five hundred dollars and be imprisoned in the county jail for five days. This is the extreme punishment allowed by law. After passing sentence Judge Fitzgerald said to the prisoner, in conclusion:

"I want to impress upon you, sir, and upon all your sort, that the officer or citizen who willfully disregards the process of this Court, it matters not who they are, or what their rank or station in life may be, will receive the condign penalty of the law."

TERRITORIAL TOPICS.

Condensed from Our Exchanges for "Silver Belt" Readers.

John P. Clum has been confirmed postmaster at Tombstone.

H. C. Hooker has made a large shipment of cattle to California—eleven car loads in all.

For the week ending January 17th, the Arizona Copper Co., of Clifton, shipped 120,873 pounds of black copper.

Herbert Brown has been made manager of the Tucson Citizen, replacing George Clum. Mr. Brown is said to possess the knowledge and ability necessary to manage a paper successfully.

A rumor of the discovery of extensive coal beds a few miles north of Wilcox is in circulation. We have not seen any of the reported find but hear that experts pronounce it of good quality. Several locations have already been made.—Stockman.

The first installment of the fish apportioned to this territory by the government arrived yesterday in good condition, and during the day a large number was distributed among those who have assumed the role of amateur fish culturists.—Prescott Courier.

The Florence Enterprise states that considerable excitement has been occasioned in the vicinity of Riverside by a gold strike made, in the Victoria claim, by James Elder and Adolph Neiman. A tunnel has been run 50 feet and a shaft sunk in the tunnel, to a depth of 50 feet, all in ore. Ore from tunnel and shaft averages from \$30 to \$36 per ton.

According to the Enterprise, the total indebtedness of Pinal county, exclusive of the \$8,000 court house bonds, is \$13,000 and will probably be increased, during the year of 1885, through the expense incurred by the holding of two terms of court, to \$15,000. In order to meet this deficiency it will be necessary to make the tax rate 24 or 28 per cent for this year.

The School Fund has been apportioned and disbursed as follows:

| County. | Children. | Amount. |
|---------------|------------|-------------|
| Pima..... | 2317..... | \$1,465 70 |
| Yavapai..... | 1352..... | 2,899 20 |
| Maricopa..... | 1197..... | 2,765 70 |
| Apache..... | 1120..... | 2,384 60 |
| Cochise..... | 1013..... | 2,127 30 |
| Yuma..... | 649..... | 1,362 90 |
| Graham..... | 635..... | 1,133 50 |
| Pinal..... | 634..... | 1,331 40 |
| Gila..... | 179..... | 375 90 |
| Mohave..... | 134..... | 323 40 |
| Total..... | 9,376..... | \$19,689 60 |

The Phoenix Gazette says: "Hon. R. L. Long, superintendent of public instruction, is now in this city, having arrived Thursday. At Tucson, on Monday last, he took the oath of office and assumed charge of the records of his predecessor. We predict that Mr. Long will make the best superintendent of public instruction Arizona has ever had, and we do not say this in disparagement of his very worthy predecessors."

The Stockman says: The number of teams that have loaded for Globe during the week has given Wilcox something like its old time appearance of prosperity.

The Silver King mine produced in the year 1884 bullion valued at \$501,455.82.

A bill has been introduced in the legislature to make county recorders ex-officio clerks of the district courts.

The Tucson Star says, "Arizona is not ready for county courts." Tax-payers generally say the same thing.

Late advices from New York state that copper was firmer and higher. Lake ingot was quoted at 114 to 114 and other brands 104 to 104. Chili bars have likewise advanced slightly and were quoted at £49.

The Prescott Miner says: It is reported that during a heated argument last night, over the organization of the house, revolvers were drawn by two of the members, and bloodshed was only prevented by the interference of friends.

Walter McKean, of Phoenix, who has many acquaintances here, recently killed a female deer with a pair of horns four inches in length and perfectly straight. The Gazette says, "it is rarely that such freaks are encountered among the deer family."

The appointment of Haywood of Cochise county, to the chairmanship of the committee on counties and county boundaries is considered a point scored against the formation of the proposed county of Sierra Bonita. Advocates of the new county, however, claim that they have a majority of the committee.

Preferred Locals.

Best quality boots and shoes at Van Wagener's.

For gents furnishing goods go to Van Wagener's.

For choice liquor by the bottle or gallon go to Van Wagener's.

For blankets and bed comforts go to Van Wagener's.

Schulze is selling boots and shoes at panic prices. Call and examine his stock.

Cigarettes of all kinds at Van Wagener's.

If you want a good pair of boots or shoes cheap, go to Schulze.
